

Volunteer Day

LEILANI FARM SANCTUARY IN HAIKU

Saturday, June 12 at 9am

If you love animals or doing community work to help others, this is a great opportunity for you. Leilani Farm Sanctuary is a spacious farm that serves as an animal sanctuary. This non-profit organization gives animals a second chance in life.

The animals include cats, rabbits, chickens, goats, donkeys, a peahen and a duck. You can help improve their environment by working on trail maintenance, goat hoof trimming, barn cleaning, fruit tree mulching, painting, tree trimming, brushing the donkeys and goats or other activities.

The animals are friendly, so this is a wonderful way for animal lovers to enjoy spending time with them. The mission of Leilani Farm Sanctuary is to take in and care for abused and rescued animals, and also to provide humane education to the community.

Check out www.LeilaniFarmSanctuary.org for more information.
