## Testimonials

- *Many of us see this place as a fulfillment of dreams in a world that seems to choke our very being. To us, the sanctuary is not just for Ned, Lehua, Maizee and all the others for whom you have made a paradise. To us, it is also a sanctuary for the human soul. (Prad)*
- *I think when you go there you realize this is more than just another happy 'animal rescue' story. These animals clearly adore Laurelee as much as she loves them and their friendliness is clear testimony to how happy and fearless they now feel. (Judy Elam)*
- *Laurelee Blanchard, the sanctuary's founder and visionary, is unwavering in her mission to foster the humane treatment of animals. She's a devoted educator who believes that introducing others to the joy of engaging with animals that live in healthy natural environments can awaken their hearts and help evoke compassionate behaviors toward all non-human life. (Barry)*
- *I was so moved by the stories of rescue and healing. As I sleep between my two kitties, I am convinced—again and again that animals are the reason the planet is as sane and kind as it is. (Kate)*

# LEILANI FARM SANCTUARY

Leilani Farm Sanctuary was created to provide care for rescued animals and education to the community. The sanctuary is an all volunteer, non-profit organization. Our outreach programs for community educate youth, local residents, and island visitors about the humane treatment of animals, as well as environmental and health issues.

Leilani Farm Sanctuary, located on a lush 8-acre farm in Haiku, Maui, is home to more than 61 animals including chickens, cats, goats, and donkeys. The sanctuary was named in honor of Leilani, the farm's first resident donkey.

Guided tours are available by appointment for you or your group. Adults and children are welcome.

Because Leilani Farm Sanctuary is a non-profit organization, to accomplish its goals, your support is needed. If you would like to volunteer, sponsor an animal or make a contribution, please contact us.
