

Leilani Farm Sanctuary

Trail & Picnic Area Improvement Party

Saturday, November 5th at 9:00 a.m.

Experience a day of healthy exercise and social fun, while helping Leilani Farm Sanctuary develop a trail and picnic area for humane education events.

The project: The sanctuary is developing a picnic gathering area on the property in a lush jungle beside a stream, for youth outreach and humane education programs. This location is classified as a Kuleana, as it was once occupied by ancient Hawaiians, who gathered and built terraces which are still present today. The picnic area, surrounded by giant mango trees, ti, ginger, and other tropical plants, will accommodate group events.

Volunteers: Help is needed with clearing the trail, building stairs, setting up picnic tables, and hanging a tree swing.

What to bring: Wear jeans and closed shoes. If you have these tools, please bring: shovels, hoes, hammers, iron rakes, broom rakes, sickles, machetes, and loppers.

Please RSVP to info@leilanifarmsanctuary.org or 298-8544

*** A complimentary lunch will be served to volunteers. ***
