WE NEED YOU TO SUPPORT OUR CATCA ANIMAL WELFARE/ CONSERVATION WORK!

We are looking for individuals, business, corporations and organizations that can support our projects. We have two projects that we can't start without money:

- 1) This investigation will help to prosecute people selling or possessing animal fur worldwide.
- 2) The e-commerce report of elephant ivory in Europe, Asia and Africa for the next CITES CoP in March 2013. That report will help us to do again a high level lobbying against the Proposals that will threaten to downlist the populations of African elephants in at least two African countries, and to have a one time sale of ivory in those countries **(If we allow these Proposals to be adopted, it will cost the lives of about 40,000 African elephants!)**. It will be a battlefield there, as Japan is fully supporting these Proposals, so we need to be fully prepared again to defend the African elephants with the results of our investigation.

But, we can't do it without you.

We are taking monthly donations and one time donations to start these projects that will help save thousands of animals. For every donation of \$100.00 we will mention your name on the printed report as a supporter of the project.

CATCA is also taking *In Memory of* your beloved ones donations.

You can support our activities in two ways:

1) Check or Money order

Ericka Ceballos
